Your NDSU YouTube account is part of Google Apps for Education and is available to all students, faculty and staff at NDSU. Simply log into Google or YouTube using your NDSU email address (first.lastname@ndsu.edu) and password.

Click the icon in the upper right-hand corner and select “Your channel” to access your videos.

Click this camera icon to upload a new video.

This window will appear, which will allow you to select the video to upload.
When you upload a video, it will look something like this:

You can change the video title and description in the boxes here.

You can also add tags relating to the subject matter so your video can be more easily searched for.

Privacy settings can be changed in this box.

When you are finished adjusting the settings, click the blue “Publish” button in the upper right-hand corner.

**Youtube Video Privacy Settings:**
- **Public:** anyone can see your video
- **Private:** video can be seen only by users you choose (click Share button to select who can view it)
- **Unlisted:** anyone with the video link can view
